## PRODUCT DESCRIPTION

Say goodbye to chipped, cracked, and peeling paint with our rugged 7" bollard cover (7" inner diameter, 7.34" outer diameter, 0.1719" wall thickness). Whether you call them bollard covers, post sleeves, or post covers, this is the ultimate solution for protecting and enhancing your bollards - without the hassle of constant repainting.

Made from heavy-duty high-density polyethylene (HDPE), this cover is engineered with superior intermolecular strength, tensile durability, and solvent resistance to perform even in the toughest environments. It's designed to stay vibrant, offering a 5-year fade resistance guarantee - the longest in the industry.

Key Features:

• Long-Term Color Performance: Guaranteed not to fade, crack, or peel for at least 5 years.

• Quick, Easy Installation: Slides securely over existing posts without tools, adhesives, or downtime.

• Premium HDPE Construction: Tougher, stronger material built to withstand impacts and weather extremes.

• Enhanced Safety: Two recessed reflective stripes provide increased visibility for vehicles and pedestrians.

• Customizable Lengths: Standard 60" height with custom cutting available to your specifications.

Perfect for parking lots, loading docks, warehouses, and high-traffic areas where safety, durability, and appearance matter.
