PRODUCT DESCRIPTION

8-7/8" x 72" Yellow Dome Top Bollard Cover - Durable, Maintenance-Free Protection

Our 8-7/8" x 72" Yellow Dome Top Bollard Cover provides a durable, maintenance-free solution to flaking, cracking, and costly repainting. Built from High-Density Polyethylene (HDPE) for superior strength and solvent resistance, this cover is designed to withstand the toughest conditions while keeping your site looking clean and professional.

• Guaranteed fade resistance for 5 years - the longest warranty in the industry

• Quick, tool-free installation - secure fit with no adhesives or special tools needed

• High-Density Polyethylene (HDPE) - delivers superior strength, flexibility, and chemical resistance

• Available only in bright yellow - ensures maximum visibility and safety

Important Sizing Information:

The dome top design features a curved section approximately 3" from the top. A standard bollard will not fit into the top curve. For example, a 69" tall bollard will have a finished height of approximately 72" with this cover installed.

Measuring Tips:

• Measure your existing bollard to the highest point.

• Add a minimum of 3" to your bollard's actual height when ordering a dome top cover to ensure proper fit.
