Highlighted Features

- Round steel plate measures 5 1/2" diameter is 0.1875" thick
- For Asphalt applications
- Includes 3 lags and 3 screws

SPECIFICATIONS

Outer Diameter	5.5"
Thickness	0.1875"
Installation Method	Surface Mount
Install Hardware	3 lags, 3 screws
Material	Steel
Finish	zinc-plated
Weight	1 lbs
Dimensions (L x W x H)	6 × 6 × 1 in

PRODUCT DESCRIPTION

The Gorilla Post Asphalt Base Plate is engineered specifically for asphalt installations to keep Gorilla Post systems firmly in place, even when impacted at speeds under 15 mph. Constructed from durable 0.1875" thick steel with a zinc-plated finish, this round plate measures 5.5" in diameter. Its thin, ADA-compliant profile reduces the risk of trip hazards, making it ideal for both public and private applications where safety and stability are essential.
