Finish	Powder Coated
Color	Yellow
Thickness	1/4"
Height	18"
Installation Method	Core and Drop
Weight	21 lbs
Dimensions (L x W x H)	18 × 6 × 6 in

AVAILABLE ADD-ONS

Add-On
5/8" x 4" Concrete Anchor Bolts (Set of 2) [SKU: 110-PWRS-5/8x4]

PRODUCT DESCRIPTION

Protect critical infrastructure and reduce costly damage in high-traffic environments with this heavy-duty 18" Angled Corner Guard. Made from 1/4" thick Schedule 40 steel, it features a reinforced angle design for maximum strength and durability. The powder-coated yellow finish enhances visibility and resists corrosion, making it ideal for warehouses, retail environments, and industrial settings. Designed for close fit without the need to attach directly to racking, this guard absorbs impact without transferring force to walls or fixtures. Core-mounted with no exposed hardware, it maintains a clean, tamper-resistant appearance while protecting drywall corners, piping, and structural edges. Bolts sold separately.
