Installation Method	Core & Drop
Weight	10 lbs
Dimensions (L x W x H)	12 × 7 × 4 in

AVAILABLE ADD-ONS

Add-On
5/8\\\" x 4\\\" Bolts for Installation

PRODUCT DESCRIPTION

Racks often take a beating from moving vehicles and machinery. Our 12" Rack Guard is designed to reduce damage and extend the life of your rack systems. Built for strength and reliability, it provides dependable protection in demanding warehouse environments.

Constructed from Schedule 40 steel and finished in a high-visibility yellow powder coat, this guard is angled to allow a tighter fit around rack corners. The design eliminates exposed hardware and supports a clean, low-profile appearance. Its easy core and drop installation makes it a convenient choice for fast deployment and long-term use.

With a 12" finished height and robust dimensions, this rack guard offers heavy-duty impact resistance without sacrificing space efficiency. Ideal for warehouses, distribution centers, and material handling areas.
