Highlighted Features

- 18” Height - Fits any rack with an upright face 4" wide
- Flexible EVA material absorbs forklift impact and returns to shape
- Installs directly to rack upright with no tools or floor drilling required
- Withstands 3 mph collisions from 5000 lb forklifts without visible damage
- Includes two hook and loop fasteners for quick and secure installation

SPECIFICATIONS

Width	6.25"
Height	18"
Material	EVA
Color	Yellow
Installation Method	Hook and Loop Fasteners
Weight	4 lbs
Dimensions (L x W x H)	19 × 7 × 7 in

PRODUCT DESCRIPTION

Rack Sentry rack protectors exceed standards for upright protection, making it a reliable safety upgrade in warehouses, distribution centers, and material handling facilities. Made from durable EVA material, Rack Sentry is engineered to absorb impact by flexing and returning to its original shape, significantly reducing the risk of damage to rack structures, forklifts, and products.

This Rack Sentry protector is 18´´ tall and fits 4´´ wide racks. Tested to withstand impacts up to 3 mph from a 5000 lb forklift without visible damage. The tool-free design uses included hook and loop fasteners, allowing for fast and easy installation without drilling or floor anchoring.
