PRODUCT DESCRIPTION

The Rubber Sign Base is a heavy-duty, portable solution for securing signage in a wide range of environments. Made from durable rubber, this base provides a stable foundation for sign poles and panels without the need for permanent installation.

Designed for convenience and flexibility, the base measures 14" by 15" and includes recessed wheels that make repositioning quick and easy. Mounting hardware is included and allows you to easily attach and change out signage.

This base is ideal for temporary or permanent setups in parking lots, retail spaces, events, and more. The graphic sign and pole are not included with the base.
