PRODUCT DESCRIPTION

This industrial-grade reflective tape is what we rely on for our bollard covers. The tape is the same high-visibility reflective tape used on all of our bollard covers. Designed for durability and maximum reflectiveness, it's ideal for re-taping existing bollard covers or matching the brightness and performance of our factory-applied reflective tape.

The 3/4" highly reflective bollard cover tape boosts bollard visibility, especially after dark. It comes in red or white and helps enhance safety while adding a crisp, clean look. When used on bollard covers with two stripes, each roll provides enough tape for approximately:

31 Covers per Roll (8-7/8" diameter covers)

37 Covers per Roll (7" diameter covers)

56 Covers per Roll (4.5" diameter covers)
