Concrete Round Ball Sphere Bollard

Highlighted Features

- ✓ Available in sizes from 12" to 36", our concrete sphere bollards offer a bold, durable solution for parking lots, storefronts, and sidewalks.
- ✓ Choose from popular looks like the red Target balls or simple round concrete bollards to match your site design.
- ✓ Each concrete ball bollard is precast for strength and consistency, making them ideal for high-traffic areas.
- ✓ Whether you need a single large sphere bollard or multiple ball bollards, we supply the right size and finish to fit your project.
- ✓ Same style ball bollard that is installed in front of Target stores.

PRODUCT DESCRIPTION

Protect your property with this concrete sphere bollard, a durable safety solution designed to stop vehicles and prevent costly damage. This concrete ball bollard combines strength with style, offering the same iconic look as the red Target balls while providing dependable protection. Made from precast concrete, the heavy weight keeps the bollard ball securely in place, whether installed in a parking lot, sidewalk, or storefront entrance.

Built for all-weather performance, the smooth finish of this sphere bollard resists wear and blends seamlessly with surrounding architecture. Available in sizes from 12" up to 36", these concrete bollards for sale give you flexible options to match your site design. Beyond safety, their rounded design doubles as a practical feature - sturdy enough to lean against or even serve as a quick seat. For those searching concrete bollards near me or comparing bollard prices, this versatile concrete sphere bollard delivers both protection and visual appeal in one solid piece.
