- ✓ Includes Allen wrenches to remove top for maintenance

SELECTABLE PRODUCT OPTIONS

Color Silver / Black

PRODUCT DESCRIPTION

The swivel wall mounted Smokers Outpost makes maintenance even easier with a hinged design that swings open for quick access and emptying. Its compact, space saving profile mounts cleanly to any wall or column, while the powder coated aluminum body provides a durable, modern look that stands up to daily use. The internal oxygen restricting chamber helps extinguish cigarettes fast without sand or water, keeping the exterior clean and reducing odors. It is an ideal choice for entrances, loading areas, and outdoor smoking zones where convenience and simple upkeep matter.
