Highlighted Features

- Holds (4) 33lb Propane Gas Cylinders
- Galvanized Steel & Powder Coated White
- Industrial-Grade Security: Integrated puck lock system resists tampering and theft - designed for environments where standard padlocks don’t last.
- Engineered for Stability: Includes adjustable leg levelers for uneven surfaces and welded lift hooks for safe relocation and installation.
- Built to Last: Constructed from heavy-duty steel mesh with reinforced hinges and replaceable parts for long-term, low-maintenance service.
- Compliance-Ready: Warning signs and safety labels included to meet OSHA and fire code storage requirements.

SPECIFICATIONS

Tank Cylinder Size	33lb
Finish	Galvanized Steel / Powder Coated White
Material	Heavy-Duty Steel Mesh
Weight	150 lbs
Dimensions (L x W x H)	36 × 36 × 48 in

PRODUCT DESCRIPTION

Holds (4) 33lb Propane Gas Tanks
Designed for tanks commonly used on forklifts, concrete surface prep equipment, and industrial floor cleaning machines.

This heavy-duty propane cylinder cage is purpose-built for industrial applications where security and performance are required. Each unit features a puck-lock compatible latch system, providing superior resistance to cutting, prying, and corrosion. The reinforced hinge design and high-gauge mesh steel panels ensure the cage maintains structural integrity even under heavy use or outdoor exposure.

The adjustable leg levelers make installation simple on uneven surfaces, while the welded lift hooks support safe handling with forklifts or cranes. Unlike modular cages that require assembly, this model arrives fully welded and ready for deployment, saving hours of labor and ensuring consistent structural quality.
