Finish	Galvanized Steel / Powder Coated White
Material	Heavy-Duty Steel Mesh
Weight	255 lbs
Dimensions (L x W x H)	36 × 36 × 76 in

PRODUCT DESCRIPTION

Our 30 lb Propane Tank Cage provides secure, organized storage for RV- and camper-sized propane cylinders. The durable steel enclosure helps protect tanks from theft, unauthorized access, accidental impact, and everyday handling damage while keeping cylinders upright and contained.

The open expanded-metal design allows continuous ventilation and makes inventory easy to inspect without opening the cage. A lockable front door adds security, while the compact vertical footprint makes this cage well suited for campgrounds, propane retailers, equipment rental facilities, maintenance departments, and commercial properties.
