Highlighted Features

- Holds (18) 20lb BBQ Sized Propane Tanks
- Rust Proof Aluminum Construction
- Industrial-Grade Security: Integrated puck lock system resists tampering and theft - designed for environments where standard padlocks don’t last.
- Compliance-Ready: Warning signs and safety labels included to meet OSHA and fire code storage requirements.
- Engineered for Stability: Includes adjustable leg levelers for uneven surfaces and welded lift hooks for safe relocation and installation.

SPECIFICATIONS

Tank Cylinder Size	20lb
Finish	Rust Proof Aluminum
Weight	185 lbs
Dimensions (L x W x H)	48 × 36 × 76 in

PRODUCT DESCRIPTION

This heavy-duty propane tank storage cage is engineered for demanding commercial and industrial environments where security, durability, and reliable performance are essential. Designed to hold 12 standard propane gas grill cylinders, the cage features a puck lock system, reinforced hinges, and heavy-duty construction to help protect stored cylinders from theft, unauthorized access, and damage. Signs and safety labels are included, and the unit ships fully assembled for immediate placement and use.

Built for heavy industrial applications, this propane cage includes adjustable leg levelers for stable installation on uneven surfaces and welded lift hooks for easier handling and positioning. Replaceable parts help extend the service life of the unit and simplify future maintenance. The cage measures 44" wide x 30" deep x 53" high, with an actual weight of 135 lbs and a shipping weight of 185 lbs.
