

# Bendable Bollards

UNIQUE FLEXIBILITY & RIDGIDITY

## Landmark

- Introducing a new flexible bollard option with no moving parts
- Tough & durable material – resists low MPH impacts
- Flexes on impact
- Retains shape memory – returns to height & shape after impact
- Attractive design
- Color: Black
- Same color on inside & outside
- Elastomeric polymer material
- Available as a core drilled or removable bollard

### APPLICATIONS

- Trails
- Bike Paths
- Access Control
